

Geriatric Training Program Online 2018

Objectives

- To enhance clinical knowledge of the unique needs of the elderly, including those with complex health problems.
- To increase clinical knowledge of common geriatric syndromes and principles of care.
- To acquire the skills necessary to perform an in-depth multidimensional geriatric assessment.
- To improve understanding of who may benefit from specialized geriatric services.

Target Audience

- Health care professionals working with the elderly
- Strongly recommended for staff who are NEW to the field of geriatric care
- Refresher for those who have been in the field for more than 5 years

Registration and Fees

- Workshop Fee: \$250.00
- Register online:
